STATEMENT OF MRS. WOO CHANG SZE. AGE 31 YEARS. NOW
LIVING AT HING SAH TSING NUMBER 41.
NATIVE OF NANKING, CHINA.

About two weeks after the Japanese entered Nanking Mrs. Woo Chang Sze, then still unmarried went with her family to a house opposite the American Embassy which had previously been occupied by a German doctor. There were a lot of Chinese people living in this house at the time because they thought it was a rather safe place as it was near the American Embassy. One day in the afternoon, can not remember the date, at about 3 o'clock in the afternoon, three Japanese soldiers came to the house, all of the people in the house fled to the upper part of the house, except one girl of about 18 years of age. THIS one girl was caught by the Japs before she could get up stairs and was raped by the three Japanese in turn, one after one another. THIS young girl died soon after she had been raped. After the Japanese left the rest of the people came down stairs and found the girl dead, and bleeding, the lower part of her body. The body was buried right away by the dead girl's father who was employed by the GERMAN doctor as the gate keeper of that house.
